

Features

*** Actuators and platform must be ordered together**

- 3 Motion Platform standard sizes:
 - 66" x 46"
 - 94" x 46"
 - 130" x 46"
- Custom Platforms are available up to 144" x 46"
- Retrofit existing seats
- Upgrade tiered seating arrangements
- Maximum weight capacity of 2,000 lb (combined weight of the Platform, seat(s) and occupant(s))
- Vertical lift to 3/4"
- Platforms require a Series IV standalone or MCI-2P or MCI-4P Motion Controller

Specifications

Platform/Actuator fit	3 Axis Platforms
Number of actuators	4
Vertical lift	3/4"
Final drive mechanism	Hydraulic
Maximum lifting capacity (per actuator)	500 lb
Maximum lifting capacity (per seating area)	2,000 lb
Actuator orientation	Horizontal
Installation type	Platform
Actuator Dimensions (ea.) (H" x W" x D")	18,75 x 5 x 2,75
Power Requirements (per configuration)	120vac, 50/60Hz 5AMP

**D-BOX
Motion Platform Actuators***
