

FOR IMMEDIATE RELEASE

D-BOX Motion Seats Move into Two More Galaxy Theatres

*D-BOX continues its North American commercial deployment
with its first installations in the State of Washington*

Longueuil, Québec (March 16, 2010) – D-BOX Technologies Inc. (DBO.A on the TSX Venture Exchange), a leader in innovative motion technology for the entertainment industry, announced today another agreement with Galaxy Theatres to equip two additional theatres, both in the State of Washington, with groundbreaking D-BOX MFX Seats.

Galaxy Theatre Uptown in Gig Harbor and Galaxy Monroe, in Monroe, Washington, will both have 22 D-BOX MFX seats installed. This announcement brings the total number of Galaxy Theatres offering the D-BOX experience to four. Existing Galaxy Theatres offering the motion-enhanced seating technology include one of the first theatres, the Galaxy Highland in Austin, Texas, and Galaxy at the Cannery in North Las Vegas, Nevada. The newest theatres in Washington are scheduled to debut on April 2nd with Warner Bros. movie Clash of the Titans.

“Last year we were just introducing our technology in commercial theatres and Galaxy Theatres was one of the first to come on board. We are very proud to continue that relationship by adding two more theatres and anticipate outfitting more Galaxy Theatres with our technology,” said President and CEO, Claude Mc Master. “As of today, more than 20 theatres have been or are scheduled to be installed representing a commitment for close to five hundred MFX seats since we first introduced the technology in commercial theatres.”

“Having been involved with D-BOX in the initial phase of that technology’s rollout, we know the public definitely enjoys the D-Box experience and we look forward to partnering with them to bring the fun to more of our customers.”, added Rafe Cohen, President of Galaxy Theatres.

About Galaxy Theatres

Formed in 1998, Galaxy Theatres, LLC specializes in developing and operating high impact, state-of-the-art multiplex theatres in the Western United States. Galaxy is an industry leader in Digital Projection and 3-D presentations while maintaining its reputation for Award Winning service. Ranked in the top 10 percent (by size) in the United States, Galaxy Theatres locations include theatres in California, Nevada, Texas, and Washington.

About D-BOX

D-BOX Technologies designs and manufactures leading edge high-technology motion systems mainly suited to the needs of the entertainment industry. With its unique, patented technology, D-BOX Motion Code™ uses motion effects specifically programmed for each film, TV series or video game, which are sent to a motion generating system integrated within either a platform or a seat. The resulting motion is perfectly synchronized with all onscreen action, creating an unmatched realistic, immersive experience. To date, D-BOX Motion Code™ is available on more than 900 titles.

Accordingly, many prominent Hollywood studios have started embedding D-BOX Motion Code™ on selected high definition Blu-ray™ and theatrical releases. By reaching agreements with the leaders of

both the motion picture and gaming industries, D-BOX's award-winning motion technology is gradually proving itself as a new global standard in the entertainment world.

D-BOX is a publicly traded company listed on the TSX Venture exchange under the symbol DBO.A. For further information please see www.d-box.com. D-BOX^(R) is a registered trademark and D-BOX Motion CodeTM is a trademark of D-BOX Technologies Inc.
