

FOR IMMEDIATE RELEASE

D-BOX Technologies Announces New Deal with California-based Galaxy Theatres

Galaxy Riverbank is Latest Movie Theatre to Add Motion Seating

Longueuil, Quebec, (July 14, 2010) – D-BOX Technologies Inc. (DBO.A on the TSX Venture Exchange), a leader in innovative motion technology for the entertainment industry, announced today a new agreement with California-based Galaxy Theatres to equip its Riverbank theatre with 20 D-BOX MFX Seats.

Galaxy Riverbank in Riverbank, California is the seventh Galaxy locations to offer this new dimension in movie viewing. Each D-BOX MFX Seat moves in perfect sync with the onscreen movie excitement, creating a completely realistic immersive experience.

“Galaxy has been one of our biggest supporters since we entered the market more than a year ago,” said President and Chief Executive Officer of D-BOX Technologies, Claude Mc Master. “To have more than half of their locations converted to our technology is a clear message that we offer a winning business model.”

California is one of the fastest growing markets for D-BOX, as there are already 12 theatres offering the innovative motion technology, in addition to several other movie theatres in the U.S., Canada and Japan.

“Our moviegoers really enjoy the D-BOX experience at our current Galaxy locations as it remains one of the most popular features,” said President of Galaxy Theatres, Rafe Cohen. “We’re committed to always providing a first-class experience with the most advanced technologies and expect similar success at Riverbank.”

For a complete listing of all theater locations currently offering the D-BOX experience, visit www.d-box.com.

About Galaxy Theatres

Formed in 1998, Galaxy Theatres, LLC specializes in developing and operating high impact, state-of-the-art multiplex theatres in the Western United States. Galaxy is an industry leader in Digital Projection and 3-D presentations while maintaining its reputation for Award Winning service. Ranked in the top 10 percent (by size) in the United States, Galaxy Theatres locations include theatres in California, Nevada, Texas, and Washington.

About D-BOX

D-BOX Technologies designs and manufactures leading edge high-technology motion systems mainly suited to the needs of the entertainment industry. With its unique, patented technology, D-BOX Motion Code™, uses motion effects specifically programmed for each film, TV series or video game, which are sent to a motion generating system integrated within either a platform or a seat. The resulting motion is perfectly synchronized with all onscreen action, creating an unmatched realistic, immersive experience. To date, D-BOX Motion Code™ is available on more than 900 titles.

Accordingly, many prominent Hollywood studios have started embedding D-BOX Motion Code™ on selected high definition Blu-ray™ and theatrical releases. By reaching agreements with the leaders of both the motion picture and gaming industries, D-BOX’s award-winning motion technology is gradually proving itself as a new global standard in the entertainment world. D-BOX is a publicly traded company listed on the TSX Venture exchange under the symbol DBO.A.
