D-BOX Technologies Adds More Motion to Las Vegas Movie Theatre

Galaxy at the Cannery Prepares for Holiday Blockbusters, Installs Additional D-BOX MFX Seats

Longueuil, Québec – (October 28, 2009) -- D-BOX Technologies Inc. (DBO.A on the TSX Venture Exchange), a leader in innovative, immersive motion technology for the entertainment industry, has announced the installation of an additional row of its motion-enhanced seating at Galaxy at the Cannery in Las Vegas, Nevada.

Galaxy at the Cannery unveiled the first movie theatre equipped with a D-BOX MFX system in the state of Nevada in June and due to its increasing popularity, the theatre is adding 11 more seats just in time for the holiday season. The theatre originally started with 22 seats equipped with D-BOX's motion technology and will now feature a total of 33.

Offering moviegoers an unmatched, realistic experience, D-BOX Motion Code™ is embedded, frame by frame, on each new encoded movie release creating sensations of motion that move in perfect sync with the onscreen action and is currently available in eight movie theatres in North America.

"We are proud of the success that our supporting theatre partners are experiencing and thrilled that moviegoers have embraced the D-BOX experience. Galaxy Theatres has been a tremendous supporter of D-BOX from the beginning and we are excited to play a role in the company's continued success" declared Claude Mc Master, President and Chief Executive Officer of D-BOX.

"We are thrilled about our association with D-BOX Technologies and look forward to being able to accommodate more moviegoers seeking the D-BOX experience," said Rafe Cohen, President & COO of Galaxy Theatres. "D-BOX truly adds a new dimension to movies and has certainly been a draw for moviegoers who return to our theatre solely for the D-BOX experience thus driving additional revenues to our theatre."

Galaxy Theatres owns and operates movie theatres throughout the country including California, Texas, Nevada and Washington. Galaxy at the Cannery is completely digital and is the only movie theatre in the state to feature D-BOX's ground-breaking motion technology.

About D-BOX

D-BOX Technologies designs and manufactures leading edge high-technology motion systems mainly suited to the needs of the entertainment industry. With its unique, patented technology, D-BOX Motion Code™ uses motion effects specifically programmed for each film, TV program or video game, which are sent to a motion generating system integrated within either a platform or a seat. The resulting motion is perfectly synchronised with all onscreen action, creating an unmatched realistic, immersive experience. To date, D-BOX Motion Code™ is available on more than 850 titles. Accordingly, many prominent Hollywood studios have started embedding D-BOX Motion Code™ on selected high definition Blu-ray™ releases. By reaching agreements with the leaders of both the motion picture and gaming industries, D-BOX's award-winning motion technology is gradually proving itself as a new global standard in the entertainment world.

D-BOX is a publicly traded company listed on the TSX Venture exchange under the symbol DBO.A. For further information please see www.d-box.com.

D-BOX^(R) is a registered trademark and D-BOX Motion CodeTM is a trademark of D-BOX Technologies Inc. Other names are for informational purposes only and may be trademarks of their respective owners.
