**World Premiere Featuring 3-D Movie Combined with D-BOX Motion Code™**  
*New Line's Final Destination to Merge 3-D and Motion Technology For Unprecedented  
Movie Experience*

**Longueuil, Québec – (August X, 2009)** -- D-BOX Technologies Inc. (DBO.A on the TSX Venture Exchange) announced today that it will feature the world premiere of the first public screening of a 3-D film with D-BOX Motion Code™ technology with New Line's *Final Destination*, opening August 28<sup>th</sup>.

This is the first time D-BOX's immersive technology will be combined with 3-D technology, offering moviegoers the opportunity to enjoy an unparalleled cinematic experience where they can watch the action in three dimensions and live the extraordinary sensations of onscreen action. D-BOX's motion-enhanced seating provide an unmatched, realistic and immersive experience, utilizing refined subtle motion effects that work in perfect sync with the onscreen action.

Thriller sequel *Final Destination* is the first 3-D movie to feature D-BOX Motion technology and is the first movie with New Line Cinema to be incorporating D-BOX Motion Code™.

"We are truly excited to offer moviegoers the ultimate cinema experience by combining for the first time ever 3-D and D-BOX Motion technology," said Claude Mc Master, President and Chief Executive Officer of D-BOX Technologies. "Our technology is such a great complement to 3-D to provide an incomparable immersive movie-going experience".

D-BOX is currently in seven North American cinemas - the Mann Chinese 6 in Hollywood, California; UltraStar Cinemas in Surprise, Arizona; Mall of America Theatres in Bloomington, Minnesota; Galaxy Highland Theatres in Austin, Texas and most recently, Galaxy Cannery in Las Vegas, Nevada and UltraStar Cinemas in Apple Valley, California. D-BOX recently made its entrance into Canada at Toronto's Cineplex Odeon Queensway.

**About D-BOX**

D-BOX Technologies designs and manufactures leading edge high-technology motion systems mainly suited to the needs of the entertainment industry. With its unique patented technology, D-BOX Motion Code™, it uses motion codes specifically programmed for each film, TV program or video game, which are sent to a motion generating system integrated within either a platform or a seat. The resulting motion is perfectly synchronised with all onscreen action, creating an unmatched realistic, immersive experience. To date, D-BOX Motion Code™ is available on over 850 titles. Accordingly, many prominent Hollywood studios have started embedding D-BOX Motion Code™ on selected high definition Blu-ray™ releases. By reaching agreements with the leaders of both the motion picture and gaming industries, D-BOX's award-winning motion technology is gradually proving itself as a new global standard in the entertainment world.
