

FOR IMMEDIATE RELEASE

**D-BOX Technologies New Motion System Gets Top Honors at CEDIA,
Named 2009 EXC!TE Award Winner**

Longueuil, Québec – (September 14, 2009) – D-BOX Technologies Inc., (DBO.A on the TSX Venture Exchange) a leader in motion technology for the entertainment industry, has been named a 2009 EXC!TE award winner in the Home Theatre category at this year's CEDIA expo in Atlanta, Georgia for its new Hybrid Motion System, the GPH-120.

The GPH-120, due out in the market this Fall, is a hybrid system, offering motion effects that work in perfect sync with the onscreen action for both video games and movies. A first-of-its-kind in the industry, the GPH-120 offers unmatched, realistic motion effects, creating a unique experience for movie and gaming fans alike. The company was honored at the awards dinner during the Custom Electronic Design & Installation Association's Banquet on Thursday, September 10th.

Presented by CustomRetailer magazine, the annual EXC!TE awards honor companies whose products stand out for being innovative, high-performing and solutions-oriented for the custom installation professional. This year's winners have an important impact on the industry, which is felt in the installers' productivity, the dealers' profitability, the clients' satisfaction and the industry's vitality.

"It has been an incredible year thus far for D-BOX Technologies," said President and CEO, Claude Mc Master. "We are proud to be named an EXC!TE award winner at this year's CEDIA and honored to be recognized by our peers for this new motion technology system. We have participated in CEDIA in previous years and are pleased to have the opportunity to showcase our motion technology for the entertainment industry at the show."

D-BOX Motion Code™ is embedded in film and videos by D-BOX Motion Designers. Compatible with over 850 movie titles and more than 12 video games, this groundbreaking technology offers real time immersive motion effects that work in perfect sync with the onscreen action.

About D-BOX

D-BOX Technologies designs and manufactures leading edge high-technology motion systems mainly suited to the needs of the entertainment industry. With its unique, patented technology, D-BOX Motion Code™ uses motion codes specifically programmed for each film, TV program or video game, which are sent to a motion generating system integrated within either a platform or a seat.

The resulting motion is perfectly synchronised with all onscreen action, creating an unmatched realistic, immersive experience. To date, D-BOX MotionCode™ is available on more than 850 titles. Accordingly, many prominent Hollywood studios have started embedding D-BOX Motion Code™ on selected high definition Blu-ray™ releases. By reaching agreements with the leaders of both the motion picture and gaming industries, D-BOX's award-winning motion technology is gradually proving itself as a new global standard in the entertainment world.

D-BOX is a publicly traded company listed on the TSX Venture exchange under the symbol DBO.A. For further information please see www.d-box.com.
